faith community nursing moment

As our country celebrates it's 239th birthday this July, let us be aware and keep safe! Fireworks are synonymous with our celebration of Independence Day. Yet, the thrill of fireworks can also bring pain. 240 people on average go the emergency room every day with fireworks-related injuries in the month around the July 4th holiday. Please observe the posters in the foyer and take note of the precautions, so that all will have a Happy, Healthy 4th of July.
